### "THE CUSTOMS AMENDMENT ORDINANCE, 1865."

This Bill passed a third reading, received the sanction of the Governor and became the law of the land on Wednesday—a day long to be remembered in the annals of British Columbia, destined as the measure is to be instrumental in laying the foundations of the commercial prosperity of the colony, and snapping assunder the iron fetters forged and riveted by Sir James Douglas, and which so effectually closed its portals against trade and commerce. The Bill is substantially the same as that introduced by the Hon. Mr. Honier, although there are a few alterations which, in our opinion, do not tend to improve it. It were unreasonable to expect a Bill of the kind to which no exception could be taken. But we venture to say that the Bill now before us, taken as a whole, just what the country wanted, and bears on its face the unmistakable impress of shrewd statesmanship and commercial experience. It requires no prophetic vision to see in this measure the early establishment of a commercial emporium within our own colony, and a speedy abrogation of that system of drawing the supplies of British Columbia through Victoria, at an expense of nearly, if not quite, fifty per cent. There will doubtless be a little hardship felt at first. The rate of duty upon Victoria's invoices will fall heavily on many articles. But so soon as we possess proper facilities for direct trade, and our merchants get time to turn themselves round, all this will be obviated. One thing must be very clear: Those who would command our trade must come to this colony in order to do so. The merchants of Victoria have an undoubted right to play whatever card they please; but we can confidently assert that but one card can win; and that is to transfer their business at once to this city. This they must see themselves, obscured as their vision may be by a few town lots which will only tend to poverty the longer they adhere to them. With a liberal bonding system and direct communication, all that Wharf-street gold, and a hiring press and political trickery can do to prevent the natural flow of commerce into this the great sea-port of British Columbia will prove as futile as casting straws before the car of Juggernaut. To strive against such a consummation is but to fight against their own destiny—a contest as insane as it is unequal. The enactment of the new Tariff demonstrates more clearly the urgent necessity there is for the immediate establishment of steam communication with San Francisco. Had we a steamer on at the present moment direct trade would at once set in with an impetus which would demonstrate pretty clearly the wisdom of the new Tariff. The rates it imposes will be very moderate when applied to San Francisco or English invoices. But when 50 per cent. comes to be added for Victoria profits, the difference will soon make itself felt, and force our trade into its legitimate channel. But there is another matter not unworthy the earnest consideration of the Government. There is certain to be a very large emigration from California to our newly discovered gold fields. All that is needed to divert the tide of emigration through our own channels is a good line of steamers and a proper agency at San Francisco. We have reason to believe that His Excellency the Governor has several propositions before him at the present moment, at least one of which is of a character worthy to be entertained. We would just say that although the subsidy demanded may appear high, yet the interests at stake are such that a few thousand dollars should not be permitted to stand in the way. A few weeks' delay just now would be a loss of many thousands to the colony. The new Tariff is law; but in order to give it proper effect the medium for direct trade is essential. There is a tide in the history of every colony which if taken at the flood leads on to fortune. The tide of British Columbia is at its flood now; and it remains with His Excellency to say whether it shall be permitted to ebb without bearing our commercial bark triumphantly upon its bosom. Now is the time to strike a decisive blow. In a few months it may be too late.

"Now's the day and now's the hour;  
See depart Victoria's power  
With chains and slavery!"

NEW WESTMINSTER, SATURDAY, FEB. 18, 1865.

### OUR FOURTH ANNIVERSARY.

The present impression completes the fourth volume of the BRITISH COLUMBIAN. Four years ago we launched our little bark upon the turbid tide of British Columbia politics. Since that time great changes have taken place in almost every portion of the globe. But perhaps no country has undergone a greater change than this British Columbia of ours. The "platform" we laid down in the first number of this journal comprised a separate government for this colony; a tariff suited to our commercial necessities; a light-ship at the mouth of the Fraser; an export duty upon gold; direct steam communication; a liberal and efficient postal service; a more liberal and perfect land system, and a system of representative government more suited to the wants and aspirations of a free and intelligent British people. With what consistency we have advocated these measures our readers can testify. It has, perhaps, seldom been the lot of a public journal to witness a programme so largely carried to a successful issue as has been ours. We have seen nearly all the cardinal measures for the promotion of which this paper was brought into existence come to maturity. What part the BRITISH COLUMBIAN has played in bringing about the new and happy state of things which to-day fills us all with so much confidence and hope it is not for us to say. But that we have pursued a fearless, independent and consistent course our most implacable enemy cannot deny. But the services of the BRITISH COLUMBIAN have been of a negative as well as a positive character. While desired measures have received our untiring advocacy, those which we deemed inimical to the best interests of the colony have encountered our uncompromising opposition. It was not to be expected that the paper could reach its fifth volume without creating political enemies. The most extreme means have been employed at various times in order to suppress the paper and intimidate and ruin ourselves. We have been cast into prison for exposing corruption in high places; parasites have been hired for the purpose of writing us down, and a Governor of a British colony has stooped so low as to interdict the transmission of this journal through the post-office, for no better reason than that it opposed the policy he pursued in administering the affairs of this colony! But although a fearless discharge of duty has undoubtedly made enemies of a few upon whose horns we have trod, the knowledge that our paper continues to be the people's organ—the exponent of popular opinion upon all the leading questions of the day, entitles us to indulge in a little self-gratulation. During the first fifteen months we issued once a week. Since that time we have published twice a week without any advance in price; and we have now pleasure in announcing that the BRITISH COLUMBIAN will enter upon its fifth volume as a tri-weekly journal, without any increase in the price of subscription or advertising. This step we take in order to keep pace with the progress of the times, (not the N. P. Times) and in doing so at this the most depressed season of the year we confidently throw ourselves upon the indulgence of a liberal and sympathizing community. To our advertising patrons it is only proper we should say that the circulation of this journal in the interior of British Columbia is now considerably larger than that enjoyed by any of the papers published in the neighboring colony, and about five times as large as that of our local contemporary, thus rendering it the best advertising medium on the British Pacific! In conclusion it only remains for us to thank the patrons of this paper for their generous support during another year.

### VICTORIA POLITICS.

The result of the recent election in the capital of the sister colony has by no means taken us by surprise. About six months ago we hazarded the assertion that within twelve months from that time the anti-free trade party would be in the ascendancy. The crisis has come a little more speedily than we calculated upon—that is all. The politics of the island cease to possess that interest on the mainland they once had. We are now so completely independent that we can look down upon the present political revolution with as much indifference as though the scene of turmoil were on the other side of the continent.

instead of the other side of the Gulf of Georgia. We have never changed our views respecting the fiscal system of Vancouver, and have often enunciated in these columns much the same views respecting its effects upon the colony, as a whole, which now appear to be held by a majority of the people, and which were so indignantly repudiated by the very men who have successfully made them a party cry at the recent election. It is scarcely our province to approve or object to the choice just made by the electors of Victoria. To those who are familiar with the history of Messrs. DeCosmos and McClure during the last five years it must indeed have been a strange sight to witness these two men ranged side by side at the polls, and seated together in a triumphal car, drawn through the streets by their excited supporters. Were the Duke of Newcastle still alive he would certainly be the subject of surprise, if not of a less agreeable sensation, upon seeing Mr. McClure, who two years ago rendered our own delegate such valuable service in bringing about the existing political condition of these colonies, now returned to parliament as a champion of that union he then opposed. But the time is past, if indeed it ever existed, when one would look for political consistency in Victoria politicians. If a majority of the people of that town desire to widen the gulf which separates them from this colony, and render union still more impracticable, they have done well in choosing two politicians so pre-eminently qualified for that purpose. To Mr. DeCosmos must largely be attributed the feeling of antipathy which exists in this colony against Victoria, and to continue the advocacy of union upon the unjust and insulting terms propounded by these men is only to intensify that feeling and defeat their own object. We are not of those who entertain any misgivings as to their ability to compass their purpose. But in view of the last desperate effort—the dying struggle—which will be made by the party now in power upon the island, it might not be amiss for our own Legislature to memorialize the Home Government against entertaining any proposition for union which may emanate from Victoria.

RECKLESS JOURNALISM.—Our local contemporary, in his issue of Wednesday, states that an express arrived on Tuesday morning with \$40,000 to \$50,000 in treasure. In the BRITISH COLUMBIAN of the same date the amount is put at \$10,000. When such a glaring discrepancy occurs the inquiry naturally arises, "Which is correct?" Although we have overlooked many similar inaccuracies in the columns of our local contemporary, we feel it our duty this time to say that the correct account was stated in these columns. We obtained the information from the Express office, where our contemporary would do well to take the trouble of procuring it in future, instead of indulging in that careless recklessness so well calculated to destroy all confidence in newspaper information.

GOVERNMENT SALE.—It will be seen from a notice elsewhere that the lease of certain waterfrontages in this city will be put up at public auction at 12 o'clock, on Thursday the 23rd inst. There will doubtless be a sharp competition for these frontages, as, in the immediate prospect of direct trade, they are likely to prove an excellent investment. We beg particularly to draw the attention of Victoria merchants and shippers to this sale.

THE POUNDS ORDINANCE.—We did entertain a hope that the House would throw out this monstrous Bill at first sight—or at least when it came up for a second reading; but it will be seen by our published report that it was considered in Committee of the Whole on Thursday, and several clauses passed. We would once more warn honorable members that to pass the measure will be at once to bring the House into bad odor, and inflict a grievous injury upon a large class of colonists. The Bill contemplates the establishment of pounds and the appointment of salaried pound-keepers, at the public expense, while it provides for the impounding of animals straying upon unenclosed lands and in forests! Could anything more absurd be conceived? Surely a majority of the members are not prepared to pass such a measure.

THE WAGON TIRE ORDINANCE.—It will be seen by the report of proceedings that the Governor has gracefully bowed to public opinion by withdrawing this most obnoxious Bill, and has also waived the proposed additional toll upon the road above Quesnelmouth. In this His Excellency has not only done what is just and right, but what will earn for him the increased confidence and esteem of the people.

DIRECT TO PORTLAND.—We understand the steamer G. S. Wright will leave tomorrow for Portland upon which route she will run regularly, extending her trips to this port. The increasing demand for Oregon produce will doubtless ensure a brisk trade.

INDISPOSED.—The Hon. Mr. Homer has, we regret to say, been prevented by indisposition from attending the sittings of the Legislative Council during the past two days. He is likely to be sufficiently recovered to attend to his duties next week.

THE STEAM-BOAT "DIANA," just completed at Victoria by Capt. Tom Wright, may be expected up here one of these days. It is probable she will be purchased by the Collins Telegraph Co. for service in these waters.

SOLD AGAIN.—Messrs. E. T. Dodge & Co., of Douglas, have purchased the steamers Hope and Henrietta from the mortgagees at Victoria, for the sum of \$9,650. Mr. Dodge came up by the Enterprise on Wednesday, and took possession of the Hope, which will be placed on the route between this port and Harrisonmouth, where she will connect with the Henrietta to Douglas. The firm is one of the most powerful and enterprising in the colony, and this arrangement will doubtless tend to instill new life into the Douglas-Lillooet route.

To the Editor of the British Columbian.  
I wish to call your attention to the unfairness of the present Trade Licenses, as they are collected under the Act of 1859. That part of the Act to which I refer reads thus: "There shall be paid by every person carrying on any other trade than that of retailing or wholesaling liquors £1 for every three months. Such last mentioned license to enable the person paying the same to change his place or abode of business at pleasure, but not carry on business at two places at the same time under one license." The above is manifestly incomplete as there is no provision made for such persons as have no place of business, but who hawk their merchandise from house to house. It is only right that hawkers should pay a larger license than those who have a permanent place of business. Twenty dollars per quarter would be none too much to charge such characters as I refer to. They do the place no good. Tax them heavy and if they do not like it, let them take a house and commence business in the proper way.  
TRADE.

# Important to Business Men in Victoria, California, Portland, and Places on the Sound!

THIS JOURNAL is the only newspaper published in British Columbia, and is read by every business man from New Westminster to the Rocky Mountains, and is circulated as an advertising medium for the Colony. J. DODD, in Victoria, and T. B. BOWEN, in San Francisco, are our authorized Agents.

## The British Columbian.

NEW WESTMINSTER, SATURDAY, FEB. 18, 1865.

TO OUR PATRONS.—This impression completes the fourth volume of the BRITISH COLUMBIAN. Hereafter the paper will be issued three times a week—on Tuesday, Thursday and Saturday—until such time as we shall feel justified in issuing daily, which we trust will not be many months. This change will not increase the present rates charged for subscription and advertisements. Our city patrons will be waited upon in the course of next week, when we have to request prompt liquidation of all accounts due this office.

THE VICTORIA ELECTION terminated on Monday, and resulted in the return of Messrs. DeCosmes & McClure by a considerable majority over their free-port opponents. The two members elect took their seats in the House on the following day. The Wharf-street merchants celebrated the result by closing their places, of business and hanging crapes on their doors. In the course of the contest the free-port party bought out the *Evening Express* for \$6,000, which they have amalgamated with the *Vancouver Times*, under the editorship of Mr. Bell. They also paid Mr. McMillan \$3,000 to retire from the *Chronicle* on account of his views being adverse to their own; so that they have now two hired organs with which they vainly hope to bring back popular opinion on the side of their free-port notions. While we congratulate the gentlemen who are the fortunate recipients of the cash, we cannot but smile at the stupidity of men who hope to accomplish the object of their ambition by such means. We would remind these gentlemen of the fate of the *London Morning Chronicle*.

THE STR. "FIDELITY," Capt. Loudon, came in from Nanaimo on Wednesday, and returned on Thursday. She may be expected back on Wednesday next.

### Legislative Council.

WEDNESDAY, February 15th, 1865.

The House met at 1 p.m. The Hon. Colonial Secretary in the chair. Hon. Treasurer and Hon. Mr. Moberly absent on leave. Minutes of last meeting read and confirmed.

Hon. Mr. Moberly gave notice that to-morrow he would move "That His Excellency be respectfully requested to impose a toll on all goods, merchandise, animals and carriages passing over the wagon road between Quesselmouth and Williams Creek as soon as that road is completed, and that the moneys derived from the above tolls be expended in keeping that road in repair; also, that if the above tolls are imposed, the proposed 'Wagon Tire Ordinance' be withdrawn."

### POUNDS BILL.

Hon. Mr. Cornwall asked to have the committee of this Bill postponed on account of other important measures before the House.

### CUSTOMS AMENDMENT BILL.

Hon. Attorney-General moved that this Bill be now read a third time and passed as amended yesterday.

Hons. Brew and Homer asked to have the Bill recommitted previous to the third reading, in order to have the article of empty gunny sacks admitted free of duty. The motion was carried with the addition that the Standing Rules be suspended in order to allow its being read the same day.

The House then went into Committee of the Whole upon the Bill, Hon. Mr. Moberly in the chair.

Hon. Mr. Homer moved, seconded by Hon. Mr. Cornwall, that empty gunny sacks be added to the list of articles to be admitted free.—Carried. The committee then rose and reported the Bill passed with one amendment.

Hon. Attorney-General moved, seconded by Hon. Mr. Homer, that the Bill be now read a third time and passed.

Hon. Mr. Cornwall said before the Bill was passed he wished to say a few words. He was sorry that a Bill of so much importance and of so much public interest should have been passed through in such a summary way, without allowing hon. members any opportunity of making themselves acquainted with its provisions. In England when such a measure was about to be introduced it was customary to issue a proclamation to the effect that certain duties would be collected upon certain articles, and thus give time for the consideration of the Bill, and he thought this Council should have taken the same course.

Hon. Colonial Secretary said that what the hon. member for Lytton had said was quite true; but the Governor of British Columbia had no power to issue such a proclamation. The Government had no wish to hurry the Bill through if a different course could have been pursued without endangering the safety of the public revenue.

The Bill was then read a third time and passed. GOLD FIELDS AMENDMENT ACT.

The House went into Committee of the Whole upon this Bill, Hon. Mr. Cornwall in the chair, the Bill was taken up at clause 63, and after passing 14 clauses, some of which elicited considerable discussion, the committee rose and reported progress in order to receive a message from His Excellency.

The House having resumed, the Hon. Colonial Secretary read the Governor's message, assenting to the Customs Amendment Act, in the name of Her Majesty.

The House then went into Committee and resumed the consideration of the Gold Fields Act, and passed through 90 more clauses when the committee reported progress and the House adjourned till Thursday.

### THURSDAY'S SITTING.

The House met at 3 o'clock, p.m. The Hon. Colonial Secretary in the chair. Members absent, Hons. Homer and Walkem. Minutes read and approved.

Hon. Colonial Secretary read a message from His Excellency, enclosing a return of the amount of tolls collected on the Yale-Lytton and Douglas-Lillooet roads.

Hon. Mr. Holbrook presented a petition from the inhabitants of Lillooet setting forth the injustice which was done by admitting goods entering the colony by the boundary line at the same rate as those entering by Fraser River, whereas the latter had to pay such a large amount in the shape of road tolls; and praying that an additional duty of 2 cents per lb. be imposed upon goods coming in by the southern boundary. The petition was laid on the table to be discussed on Friday.

Hon. Mr. Holbrook moved, seconded by Hon. Mr. Moberly, "That this Council recommend that His Excellency be pleased to comply with the Petition from the inhabitants of Douglas, for the improvement of the Slough from Harrison Lake to Douglas Lake, and grant a sum of money sufficient for that purpose." He said he had the pleasure a year ago of making this motion. He had no arguments to offer now in its favor which he had not then urged. The people of his district were not satisfied with the treatment they had received from the Council. He had received a number of letters from settlers complaining that the interests of the district had been overlooked. There were large commercial and agricultural interests at stake, and he thought it would only be doing them justice to have this slough made passable.

Hon. Mr. Elliott supported the motion. He said the slough could only be passed by the steamers when the water was high, and consequently much inconvenience and expense were caused to merchants. He thought the improvement was a very necessary one, and would benefit the whole colony. He had been informed that the expense would probably not exceed \$800 or \$900, which would enable steamers to run to Douglas all the year round.

Hon. Colonial Secretary saw no objection to placing the matter before His Excellency. He had received a communication from Mr. Nind, enclosing resolutions which had been passed at a public meeting at Douglas, requesting the Government to construct a trail from Harrison Lake to Douglas. The necessary funds had been granted for the construction of the trail, which, he understood, was to be a substitute for the improvement of the slough. If the hon. member could say that it would cost no more than \$800 or \$900 he saw no objection; but if it was \$800 this year and \$8,000 next, it might be a more serious question.

Hon. Mr. Holbrook said Capt. Moore had spent about \$200 upon it, and kept it open for two years. He explained that the trail alluded to was for the winter traffic, when the river was frozen. In high water the trail would be flooded.

The motion was then put and carried. Hon. Mr. Moberly brought forward his motion to levy road tolls [see yesterday's proceedings]. He said the tolls members would see by the notice of motion that the principal motive was the withdrawal of the Wagon Tire Bill.

Hon. Mr. Cornwall rose to oppose the motion. When he saw the notice he was surprised to find it came from the hon. member for Cariboo West, who ought to know the feeling of the people in the upper country upon the subject. The Council had imposed a heavy tax upon gold, and had passed a Customs Act, imposing heavy duties which he could not see the utility of. The whole colony was dependent upon the mines. New Westminster was supported by them, and Victoria had derived her wealth from them for some years past. Business in this colony was done largely on credit; and when so many tolls and taxes were imposed it required more capital to carry on business. He thought there were already too many tolls without imposing any more. As to the Tire Bill, he understood the Government intended to withdraw it.

Hon. Mr. Moberly said he thought the toll was a very fair one, and it would not be imposed until the road had been completed.

Hon. Mr. Holbrook would second the motion on account of the latter clause, referring to the withdrawal of the Tire Bill, which he thought was an injudicious and iniquitous measure.

Hon. Colonial Secretary begged to say that the Government had not decided to withdraw the Tire Bill. He rather admired the course pursued by the hon. member of this resolution, in asking to have a tax imposed in his own district.

The motion was then put and carried by a vote of 7 to 2.

### GOLD FIELDS AMENDMENT ACT.

Hon. Colonial Secretary said he had received a note from Hon. Mr. Walkem, asking to be excused from attending the Council to-day. On account of Mr. Walkem's absence the Bill was postponed till Friday.

### POUNDS BILL.

House in Committee of the Whole, Hon. Treasurer in the chair. Clause I read and passed. Clause II (which provides that the Governor shall establish pounds) having been read, Hon. Mr. Holbrook said he did not think the measure was at all advisable at present. It was folly to establish pounds before we had a law to regulate the fences. He asked leave to call Mr. Ladner as evidence upon the subject. Mr. Ladner was called and said he thought the Bill would cause much trouble and litigation. Pack animals subsisted largely upon grass, and if they were liable to be impounded it would cause serious inconvenience and loss to packers.

Hon. Mr. Ball said that pounds should be established to protect the interests of settlers. Packers were in the habit of throwing down fences and turning their animals into people's fields. In Australia the pastoral lands had no fences, and yet animals were impounded for trespassing.

Hon. Mr. Cornwall strongly supported the Bill. Hon. Collector of Customs thought the Bill

premature: there should be a law to regulate the fences before pounds were established. He believed the Bill was to promote private, not public, interests.

Hons. Holbrook and Haynes agreed with the Hon. Collector of Customs.

Hon. Mr. O'Reilly thought some protection should be afforded to settlers, as much annoyance was experienced by animals getting into fields.

Clauses II and III were then passed and the committee rose, reported progress, and the House adjourned.

### FRIDAY'S SITTING.

The House met at 3 o'clock, p.m. The Hon. Colonial Secretary in the chair. Members absent, Hons. Attorney-General, Collector of Customs and Homer. Hon. Colonial Secretary stated that Hon. Attorney-General had asked to be excused on account of indisposition, and the Collector of Customs on account of a pressure of business. Minutes read and confirmed.

### ROAD TOLLS.

Hon. Mr. Holbrook moved that the petition of the inhabitants of Lillooet be considered in Committee. The motion was seconded by Hon. Mr. Elliott and carried. House went into Committee of the Whole. Hon. Mr. Moberly in the chair. The clerk read the petition, which was a request for the reduction of the taxes upon produce being conveyed along the roads.

Hon. Mr. Holbrook, having obtained leave from the House, introduced Mr. Flynn, who gave evidence to the following effect: The toll imposed upon goods passing over the roads was very heavy, amounting to about \$50 per acre upon the produce of land. The farmers were unable to obtain a market for their produce, because the road tolls would amount to more than their value; hay and straw in large quantities had been allowed to rot because it would not pay to take them to market; hay was only \$50 per ton at Lillooet, and when a toll of \$20 per ton had to be paid it took away all the profits; the reduction of the toll would not lessen the revenue but increase it, because it would increase transportation, whereas now there was scarcely any toll obtained from produce, there being none carried along the road.

Hon. Mr. Walkem made an able speech in favor of granting the petition. He thought it was a very fair request. He knew that hay had been left to rot because it would not pay to take it to market. He thought the toll ought to give them some advantage and encouragement. There was much talk of encouraging immigration; but the best way to do that was to protect the interests of settlers here. He thought a similar reduction should be made upon the Yale route also.

Hon. Mr. Holbrook said the hon. member for Cariboo East had very fairly and ably stated the case. He proposed that wheat, lumber and manure should be free from tolls. There would be a large quantity of wheat raised in that district, enough to supply the whole colony.

Hon. Mr. Cornwall was glad this question had come up in such a tangible form; and he was pleased to see it advocated so ably by Hon. Mr. Walkem, who could do no possible personal interest in the matter. It would be of great advantage to farmers, by enabling them to get their produce to market. He would move that all agricultural produce be free, and in case it were conveyed in quantities exceeding 100 lbs. double tolls be charged upon the animal conveying it. Seconded by Hon. Mr. Walkem.

Hon. Colonial Secretary said he was in favor of reducing the tolls as much as possible, if money could be got any other way to pay the interest upon the construction of the roads. He thought the reduction of the tolls would reduce the revenue. The people of that district had agreed that if a road were made they would pay a tax of 1 cent per lb., and now when they had the road they wanted to break the agreement.

Hon. Mr. Walkem said the revenue would be increased by the reduction of tolls. It would not only increase traffic but it would encourage immigration; and the increase of immigration would increase the customs duties.

Hon. Mr. Elliott was strongly in favor of the reduction of tolls. He thought it would be a benefit to the whole colony, and it was a most reasonable request. He thought the tolls should be reduced to 1 cent per lb. He would support Hon. Mr. Cornwall's motion.

The motion was then put and carried, and the committee rose and reported the resolution, which was adopted by the House.

### WAGON TIRE BILL.

The Hon. Colonial Secretary read the following message from His Excellency:—

"Message No. 12.—The Governor has received the resolution of the Legislative Council praying that a toll be imposed on goods passing over the road between Quesselmouth and Williams Creek, and that the Tire Bill be withdrawn. He lays before the Council a petition presented to him this day in favor of the Wagon Tire Bill, and against the proposed toll. Although it cannot be denied that the narrow tire now in use do an amount of detriment to the public roads which the large annual expenditure incurred can scarcely beget, the Governor has received earnest representations that a large and important interest, not now in the most flourishing condition, would suffer from the immediate passing of the Bill now before the Council. He complies, therefore, with the wish of the Council and withdraws the Bill. He trusts, however, that the knowledge of the principles of the proposed measure, and that it will probably be reintroduced at a future period, will tend to diminish existing private interests in favor of the narrow tire. The Governor does not think that enough has yet been done on the road from Quesselmouth to Williams Creek to call for the imposing of tolls on goods making use of it."

Hon. Treasurer asked to have the Standing Rules suspended to enable him to place the following notice of motion on the Orders of the Day for Monday: That, in the opinion of this Council, in consideration of the summary way in which the Customs Bill was passed, it is not expedient to levy the new customs duties upon goods which came up by the steamer on Wednesday. The Hon. Treasurer explained that this was not a personal matter, as he had already paid the duty on articles which he brought up on Wednesday.

Hon. Colonial Secretary said this was not a matter for the Council at all, but for the Executive. He would oppose the motion being placed upon paper. Hon. Mr. Walkem thought it would be a bad precedent. Hon. Mr. Holbrook opposed the motion entirely. Hons. Brew and O'Reilly thought the motion should be withdrawn. The question was then put and decided in the negative.

### GAME BILL.

On motion of Hon. Mr. Holbrook this Bill was read a second time and appointed to be committed on Tuesday next.

### LILLOOET PETITION.

Hon. Mr. Holbrook moved that the House go into committee upon this petition. He said it was a very important measure and should receive the attention of the House.

Hon. Mr. Ball thought it was too important a matter to be considered on so short notice. He proposed it be postponed till Tuesday.—Carried.

### GOLD FIELDS BILL.

House in Committee of the Whole, Hon. Mr. Cornwall in the chair. Bill taken up at part IX. Hon. Mr. Holbrook moved that the committee reconsider clause 25. He understood that during his absence that clause had been passed, which exempted Chinamen from being compelled to take out licenses, a measure which he thought was very unjust.

The motion was not seconded, and the committee, after passing 14 clauses of the Bill, rose and reported progress, and asked to sit again on Monday. The House then adjourned till Monday, at 3 p.m.

### RETURNED.—The Honorables the Treasurer and Mr. Holbrook returned from Victoria on Wednesday, and are again in their places in the House.

## "The Customs Amendment Ordinance, 1865."

WHEREAS It is expedient in some respects to alter the duties of Customs as now by law established in British Columbia, and to make further provision for the levying thereof;

Be it enacted by the Governor of British Columbia, by and with the advice and consent of the Legislative Council thereof, as follows:

I. From and after the passing of this Ordinance, the duties of Customs hitherto chargeable on goods, animals, and articles imported into and landed in British Columbia, shall be and are hereby repealed.

II. In lieu thereof, from and after the passing of this Ordinance, there shall be levied, assessed, collected, and paid to the use of Her Majesty, Her heirs and successors.

a. Upon all goods, wares, merchandise, animals and things imported into and landed in British Columbia, and more particularly mentioned in Schedule A. hereto, and according to the value thereof, the several *ad valorem* duties leviable on certain of the same articles.

b. And in addition to the *ad valorem* duties leviable on certain of the same articles. Upon all goods, wares, merchandise, animals and things imported into and landed in British Columbia, the several specific duties of customs more particularly mentioned in Schedule B hereto and set opposite the respective articles therein named.

c. And so long as the Proclamation made and passed on the 10th day of December, A. D. 1859, is in force, and the duties thereby leviable shall be levied upon wares, goods and merchandise transported from New Westminster to any place in British Columbia, there shall be no levied, collected and paid as aforesaid upon every ton of wares, goods and merchandise imported into the Colony by way of the Southern Boundary, the sum of twelve shillings, and so on for a greater or less quantity, and on cattle, horses, mules, and asses so imported by way of the Southern Boundary, the sum of two shillings and one penny per head beyond the specific duties charged on animals in Schedule B hereto.

d. The articles mentioned in Schedule C hereto shall be admitted into British Columbia free of duty.

III. With the Bill of Entry of any goods there shall be produced to the Collector of Customs an invoice of the goods, and the Bill of Entry shall also contain a statement of the value for duty of the goods therein mentioned, and shall be signed by the person making the entry, and verified if required by his declaration to the truth thereof, and no entry shall be deemed perfect unless a sufficient invoice of the goods to be entered has been produced to the Collector.

IV. If any person passes or attempts to pass through the Custom House any false or fraudulent invoice, or makes out or passes, or attempts to pass a Bill of Entry of any goods at a value below the fair market value of such goods in the country from which such goods were last directly shipped or exported, or in any way by undervaluation, or otherwise attempts to defraud the Revenue of any part of the duty on any goods or things liable thereto, every such person shall on conviction (in addition to any other penalty or forfeiture to which he may be subject for such offence) be liable to a penalty not exceeding £100, and the goods so under valued shall be and be taken and deemed to be forfeited.

V. And inasmuch as it is expedient to make such provisions for the valuation of goods subject to *ad valorem* duties as may protect the Revenue and the fair trader against fraud by the undervaluation of any such goods, therefore the Governor may from time to time, and when he deems it expedient, appoint fit and proper persons to be appraisers of goods at the port of entry, and every such appraiser shall before acting as such take and subscribe the following oath of office before some Justice of the Peace for this Colony, and deliver the same to the Collector. Every such appointment shall be final:

I, A. B., having been appointed an appraiser of goods, wares and merchandise, and to act as such at the port of (or as the case may be) do solemnly swear (or affirm) that I will faithfully perform the duties of said office, without partiality, fear, favor or affection, and that I will appraise the value of all goods submitted for my appraisal, according to the true intent and meaning of the laws imposing duties of Customs in this Colony; and that I will use my best endeavors to prevent all fraud, subterfuge or evasion of the said laws, and more especially to detect, expose and frustrate all attempts to undervalue any goods, wares or merchandise on which any duty is chargeable, so help me God.

A. B., Appraiser for (as the case may be.)

Sworn before me, this day of 186 E. F. J. P. for (as the case may be.)

VI. If no appraiser is appointed to any port of entry, the collector there shall act as appraiser, but without taking any special oath of office as such; and the Governor may at any time direct any appraiser to attend at any port or place, for the purpose of valuing any goods, or of acting as appraiser there during any time which such appraiser shall accordingly do, without taking any new oath of office, and every appraiser shall be deemed an officer of the Customs.

VII. In all cases where any duty is imposed on any goods or things imported into this Colony according to the value of such goods, such value shall be understood to be the fair market value thereof in the principal markets of the country whence the same were last shipped or exported direct to this Colony, and the Collector and Appraiser shall, by all reasonable ways and means in their power, ascertain the fair value of such goods as aforesaid, and estimate the value for duty accordingly.

VIII. The duties hereby imposed shall be deemed to be Customs duties, in all respects subject to the Customs Consolidation Act, 1853 the Supplemental Customs Consolidation Act, 1855, and this Ordinance; and shall be under the care and management of the Collector of Customs for the time being for the Colony, who by himself and his officers shall have all the powers and authorities for the collection, recovery and management thereof, as are under or by virtue of the said Customs Consolidation Acts, or either of them, or this or any other Act, Ordinance or Proclamation, vested in the said Collector for the collection, recovery and management of duties of Customs, and all other powers and authorities requisite for levying the said duties.

IX. Every evasion or attempt at evasion of, or offence committed by any person or persons to defeat the payment of any of the duties hereby made payable on any goods or things imported into British Columbia, (which shall include its dependencies) will, in addition to the penalties by this Ordinance imposed, be prosecuted and punished in the manner prescribed by the said Customs Consolidation Acts.

X. This Ordinance shall be cited as "The Customs Amendment Ordinance, 1865."

**THE COLUMBIA HOTEL!**  
THIS LARGE HOUSE is advantageously situated  
for a First Class Hotel, being only a short dis-  
tance from the wharf on Lytton Square. It has just  
undergone a thorough renovation, and, if requisite, can  
be further improved and enlarged. This affords a good  
opportunity to any person who understands the busi-  
ness to make a small fortune, as the rent will be mod-  
erate. The Hotel contains ample furniture, which can  
be purchased upon the most favorable terms. For par-  
ticulars apply on the premises.

**PEMBERTON HOUSE, PORT PEMBERTON!**  
THIS OLD ESTABLISHED HOUSE is now kept by  
the undersigned, who guarantees that its past repu-  
tation as a FIRST CLASS HOTEL shall be well main-  
tained by him; and he is desirous of securing to the  
public that amount of comfort and accommodation for  
both ladies and gentlemen that the traveller both de-  
sires and expects. He will further guarantee that no  
one shall leave his house without getting "value re-  
ceived" for his money, and that in the shape of a good  
meal, good lodging, and attention to his wants at a  
fair remuneration.  
There are also private rooms for families, and for  
those who desire them. There is a Bar attached to the  
House, with good Liquors, Cigars, etc., etc., and a Bag-  
gette table for their use and diversion.  
The undersigned hopes for a fair share of patronage,  
and that the merits of this route, in the accommodation,  
ease and quickness of travel which it affords, will be  
appreciated by the travelling public.

**HOLLOWAY'S OINTMENT.**  
Bad Legs, Ulcerous Sores, Bad  
Breasts and Old Wounds.  
No description of wound, sore, or ulcer can resist the  
healing properties of this excellent Ointment. The  
worst cases readily assume a healthy appearance when-  
ever this medicament is applied; sound flesh springs  
up from the bottom of the wound, inflammation of the  
surrounding skin is arrested, and a complete and per-  
manent cure quickly follows the use of the Ointment.  
Files, Fistulas and Internal Inflam-  
mation.  
These distressing and weakening diseases may with  
certainty be cured by the sufferers themselves, if they  
will use Holloway's Ointment, and closely attend to the  
printed instructions. It should be well rubbed upon  
the neighbouring parts, when all obnoxious matter will  
be removed. A poultice of bread and water may some-  
times be applied at bed time with advantage; and most  
scrupulous cleanliness must be observed. If those who  
read this paragraph will bring it under the notice of  
such of their acquaintances whom it may concern, they  
will render a service that will never be forgotten, as a  
cure is certain.  
**Rheumatism, Gout & Neuralgia.**  
Nothing has the power of reducing inflammation and  
subduing pain in these complaints in the same degree  
as Holloway's cooling Ointment and soothing Pills.  
When used simultaneously they drive all inflammation  
and depravities from the system, subdue and remove  
all enlargement of the joints, and leave the sinews and  
muscles lax and uncontracted. A cure may always be  
effected, even under the worst circumstances, if the use  
of these medicines be persevered in.  
**Eruptions, Scald Head, Ringworm &  
other Skin Diseases.**  
After fomentation with warm water, utmost relief and  
speediest cure can be readily obtained in all complaints  
affecting the skin and joints, by the simultaneous use of  
the Ointment and Pills. But it must be remembered  
that nearly all skin diseases indicate the depravity of  
the blood and derangement of the liver and stomach,  
consequently, in many cases, time is required to purify  
the blood, which will be effected by a judicious use of  
the Pills. The general health will be readily improved,  
although the eruption may be driven out more freely  
than before, and which should not be promoted; per-  
severance is necessary.  
**Sore Throats, Diphtheria, Quinsy,  
Mumps & all other Derangements  
of the Throat.**  
On the appearance of any of these maladies the Oint-  
ment should be well rubbed at least three times a day  
upon the neck and upper part of the chest, so as to  
penetrate to the glands, as salt is forced into meat;  
this course will at once remove inflammation and al-  
teration. The worst cases will yield to this treatment by  
following the printed directions.  
**Scrofula or King's Evil and Swelling  
of the Glands.**  
This class of cases may be cured by Holloway's puri-  
fying Pills and Ointment, as their double action of puri-  
fying the blood and strengthening the system renders  
them more suitable than any other remedy for all com-  
plaints of a scrofulous nature. As the blood impure  
the liver, stomach and bowels, being much deranged,  
require purifying medicine to bring about a cure.  
Both the Ointment and Pills should be used in the following  
cases:—  
Bad Legs. Contracted and Sore Nipples.  
Bad Breasts. Stiff Joints. Sore-throats.  
Burns. Elephantiasis. Skin-diseases.  
Bunions. Pustules. Scabs.  
Bite of Mosquitoes. Gout. Sore-heads.  
and Sand-Flies. Glandular Swell- Tumors.  
Cock-bay. Ulcers. Wounds.
